

METALCUTTING
CORPORATION

Subject: REACH/RoHS Compliance
Date: January 25, 2023

Dear Customer,

We are pleased to advise the results of our investigation regarding the substances of concern under REACH and the substances prohibited under RoHS in the products produced by Metal Cutting Corporation.

Metal Cutting Corporation product contains none of the 233 substances of very high concern (SVHC) in the threshold amounts cumulatively identified by the EU regulatory scheme known as the REACH regulation, up to and including those with a date of inclusion January 17, 2023 and that can only be authentically found at: (<http://echa.europa.eu/candidate-list-table>) in accordance with Article 59(10) of the REACH Regulation.

Metal Cutting Corporation product contains none of the ten prohibited substances in the threshold amounts in the cumulative list that is the result of Directive 2015/863 (known as RoHS 3) that can be found at: (<http://www.bis.gov.uk/nmo/enforcement/rohs-home>). No exemptions as part of RoHS 2 have been used.

We also provide our manufacturing services to customer owned materials. In those cases, please refer to your own raw material purchasing documentation to ensure REACH and RoHS compliance. Our services do not add 0.1% or 1000 PPM of the above referenced substances to your product.

Please contact us with any further questions you may have regarding this or any other matter. Thank you for your continued business.

Sincerely,

Joshua S. Jablons, Ph.D.
President
